AviPro Thymovac, Marketing Authorisation No.: 220a/088

Batch: E10311

CORRECTION

The European Community/EEA Official Control Authority Batch Release Certificate for Immunological Veterinary Medicinal Products dated 11.11.2014 for batch E10311 (Reference No.: 21120/14) of the product AviPro Thymovac is changed as follows:

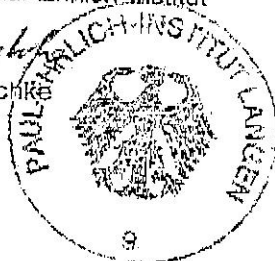

The correct final bulk and final lot no is E010300.
The correct packaging lot no is E010311

Reasons:

The a.m. certificate contains the erroneous information: "E10300 and E10311". This was an obvious mistake caused by the authority which is herewith corrected.
